Annual Membership)**

**Last 2018 meeting November 20**

**All Meetings are held at**

**Dickson Realty  
1030 Caughlin Crossing**

# Heartfelt THANKS TO OUR VOLUNTEERS!

We are all very lucky to live in such a nice community up on this hill. We have many silent volunteers that work in the background that you may not be aware of. Their work makes our community safer, cleaner and maintains our home values. We are thankful for the efforts of the following:

- Chris and his family for efforts in keeping the playground and park clean. He recently installed a dog-poop station to help in this endeavor.
- Mark, Chris, and Bruce for replacing the fabric sling on the pool chairs and lounges.
- Nancy for her daily patrol of the pool, sweeping, and tidying up of the pool area.
- Bob for washing down the tennis courts and other tennis players for sweeping the courts.
- Mark and Bruce for past and continuing work on pool lighting, backflow preventor security, pool locks, and other technical issues that arise.
- Those owners that have called and reported vandalism, water leaks and other landscape issues.

All of this volunteer work has save the association the cost of hiring outside labor and has kept our monthly assessment from increasing.

Thankful Homeowner

### Tennis Court and Pool Fobs

In the coming months we will be replacing the tennis court and gate locks. We are working on making it a smooth transition but there might be some hiccups with transition from the old system to the new system. We will keep you informed if there is anything that we need you to do to help with the transition.

Please contact Management if you have issues with your fob!

The Board was given the opportunity to learn more about Truckee Meadows Parks Foundation at their last meeting in June. Here is just a little information that we would like to pass onto you as a homeowners and a part of this community.

Truckee Meadows Parks Foundation is a 501 (c) (3) nonprofit organization founded in 2013 by members of the community concerned about the health of our parks and open spaces. The Parks Foundation works to enhance the quality of life for all citizens in our area by ensuring the long-term sustainability and improvement of our parks. We accomplish this through the *Healthy Parks Healthy People: Truckee Meadows* initiative, which gets thousands of citizens and under-served students outside and active. All programs increase community-wide awareness, appreciation, and stewardship of our parks. The Parks Foundation also raises private financial support for park infrastructure and programs.

A contribution to Truckee Meadows Parks Foundation is an investment in the future of our parks and in our community. The Parks Foundation is the only organization in northern Nevada dedicated solely to supporting and enhancing our parks and open spaces for all residents and visitors. As a true grassroots organization, we receive no funding from any local governments, so your investment is all the more meaningful. To learn more about how you can help our parks or our programs, visit [www.tmparksfoundation.org](http://www.tmparksfoundation.org). With your help, we can make a difference now and in the future.

### Help Save WATER

We know that we have had a very wet winter but we would still like to save water. Please, when watering your grass and plant make sure you are conserving water as much as possible. Also, if you see excessive water run off, broken sprinklers, or water running in the common areas when it should not be please call or email management so they can work on fixing the problem. Thank you!

### Be a Good Pet Owner

We are seeing more and more dog waste left in the neighborhood. Please clean up after your pet.

### WATCH YOUR SPEED

Please keep your speed to **25 miles per hour** or under when driving through the neighborhood. There are quite a few young children within the Association.

Children and adult walkers and bike riders cross Skyline View Drive at the Ditch Trail. Please slow down to **15 MPH** in this area.

Rules & Regulation require that all dogs must be on leash and

### Parking on the Side Streets

Curbs on one side of each street in your Association are for fire engine emergency access. Do not park in red zones. Your vehicle may be towed by the Fire Department.

under control. A continuously barking dog (at any time of day or night) is a violation of City and County regulations.

### Keep a Look out

If you see anything suspicious or something does not look or feel right please call RPD to report the activity at their non-emergency number 775-334-2121 and as always if it is an emergency dial 911. Please be vigilant by locking your vehicles and homes.
